AUTOIST TAKES GREAT CHANCE TO SAVE CHILD

In order to catch his nephew Albert Duvall, 3 year old son of Mr. and Mrs. C. S. Duvall who had climbed to a standing position on the front seat of the automobile and was in grave danger of being precipitated to the road, Cassius Duvall let go of the steering wheel of the machine he was driving and as a result the machine swerved from the road and crashed into an embankment just this side of East Charleroi about 7:30 o'clock last evening and gave the occupants of the car a shaking up and hurled Lawrence, the 15 month old son from the lap of the mother to the ground where he lay in a heap unharmed until his mother was again able to clasp him in her arms.

Luckily no one was hurt with the exception of a few bruises and the nervous shock in connection with the accident. The machine was not damaged in the least.

Mrs. Duvall and her two sons were hurried back home where it was found upon examination that neither of the children had been hurt At the time of the accident the father was attending a lodge meeting and was not apprised of the affair until late in the evening.

HILL FOLKS ARRESTED FOR GENERAL MIX-UP

Mrs. Bessie Wosciezki, Mrs. John Defano and her husband John Defano were arraigned last evening before Burgess Reamer on a charge of disorderly conduct. The families live in the same row back on the hill near Knox avenue and in some manner an argument was started yesterday morning which ended in a free for all among the members of the two families. The women are said to have acted in a shockingly rude manner toward each other and to have exposed their children to abuse which was brutal in the extreme and which should have made the mothers blush with shame at the mere thought. After a lengthy hearing in which the guilty parties were severely censured by the Burgess they were fined and allowed to go on condition they would never repeat the offense.

GRAND OPENING AT THE CANDY KITCHEN

The Philadelphia Candy Kitchen management is planning great things for Friday evening in the way of an "opening," which is destined to eclipse anything of the sort offered the people of Monessen and vicinity yet this season. Workmen are now busy re-modeling the place and after the proposed changes are made, the parlors will be re-decorated with flowers, fernery, national colors, etc., and made the most enticing place in this locality.

The "opening" will begin at 7 o'clock Friday evening and continue until midnight, to which everyone is most cordially invited. Special instrumental music will be furnished and souvenirs will be given during the evening. The public should know that the "Philadelphia" manufactures all its ice cream, and every flavor is made fresh every day in their own factory, and can be bought either at retail or wholesale. In the factory are also special facilities for home-made candies and the finest and freshest confections are to be had daily. In fact everything to be found in a high class place can be had at the "Philadelphia," and by all means, you must not forget the "Opening" Friday evening.

Lad Confesses to Poisoning Drunken Father

"I, George Elmer Watt, without promise of exemption or any other consideration in the courts, and of my own free will, make this confession, and having been told that anything I say will be used against me, do hereby, of my own free will, to relieve my conscience of what I have done, acknowledge that I bought at H. D. Diffendorfer's drug store, in the borough of Export, Westmoreland county, 10 grains of strychnine for the purpose of poisoning Thomas R. Watt, my father. This was on the 17th day of May, 1912. On Sunday, May 19, 1912, at about 3:30 p. m., I did place the strychnine in a bottle containing whiskey from which I knew my father would drink. I hid the bottle at the house occupied by my mother, father and myself, in Franklin township."

The above is a confession made and signed in the office of Squire J. Q. Truxal of Greensburg yesterday morning after the youth having been placed under arrest the previous night by Corporal Dresser of the mounted police. The lad is 18 years of age and his apprehension was accomplished after three weeks' very clever detective work on the part of the wily trooper.

The youth is a tall, lanky farm lad whose home as near Murraysville, this county; shoulders bowed as if by hard work, and hands rough and horny from handling the plow and pitch fork.

Thomas R. Watt, the father was a well driller and, with wife and two sons lived on a small farm. It is said the father drank heavily and was at times very abusive. Last Friday he was intoxicated and taking the last penny about the home went to Pittsburgh.

The lad, goaded to desperation at cruel treatment from his drunken father, and tortured mentally on account of terrible indignities to which his patient mother was constantly subjected, could stand the ordeal no longer, this being the straw to break the camel's back, so-to-speak. So with a determination to end the awful struggle and take the chances, he went to the Diffendorfer drug store at Export, procured the poisonous drug and adminstered it as per the confession above.

The State Police took up the case and soon sifted it down to a certainty. At last the suicide theory was advanced, but was rejected by the officers, poison being found in the dead man's stomach, also a little in the bottle.

The arrest was made Monday evening while Mrs. Watt and her two hard-working sons were seated at the supper table, and after the young man found his secret was suspected, he made partial confession in the presence of his mother and brother and completed it in the squire's office after being taken to Greensburg in an automobile.

Triple Murderer Attacks Child At His Hanging

Washington, Pa., June 11—Jan Ribarik, slayer of three persons in Canonsburg, was hanged at the county jail here. The trap fell at 10:05:5.

The condemned man slept soundly the night before, awoke early and refused breakfast. At 8:30 he discarded his old clothes and donned a new black suit, white shirt and new shoes and was ready for the final chapter in his life.

Two priests, spiritual advisers, went into his cell at 6 o'clock and spent an hour in prayer and earnestly urging him to make his peace with his Maker.

Ribarik, as will be remembered, was very bitter aganist his daughter, Antonia, whose testimony did much to place the noose about her father's neck, and early in the morning when she went to the cell door to kiss him goodbye, he lunged at her with tightly clenched fists upraised over her head, and with an oath attempted to kill her, but was prevented by the guards hurling him forcibly back against the wall of his cell.

The condemned man with his arms pinioned behind him, left the cell at 10 o'clock accompanied by Rev. Father A. Rudnieki. Unaided, the doomed man walked to the steps of the scaffold where a short service was held. Ribarik then mounted the scaffold and stood at the edge of the trap while the noose was adjusted, moving his head accommodate the deputies who we djusting the rope.

Ribarik stepped on the trap and at a signal from the deputies, Sheriff H. G. Lutton sprang the trap at 10:05½. The victim's neck was broken and he never moved a muscle after the fall. The hanging, was the first in five years, in Washington, and the eleventh in the history of the county.

Antonia, the daughter claimed the body after being cut down and had it sent to Canonsburg for burial.

Ribarik was executed for the murder of Mr. and Mrs. Natawi Novak and "Steve" Stanvoji, at the Novak home in Canonsburg on the night of Dec. 18, 1911.

Ribarik's family being yet in the old country, he had Antonia come over to keep house and they procured rooms in the Novak home. After a little trouble the daughter went to the Novak's for advice, and on Ribarik's return from work in the evening he was taken to task for his treatment of the girl This angered him, and procuring a revolver from his room and rushing back killed the family while they were eating supper. He fired a shot into his own breast but recovered.

TWO MONESSEN LADS SEE THE CITY SIGHTS

Two fashionably and daintily dressed young ladies of Pittsurgh a few days ago appeared before one of the city officials and lodged complaint against a couple of young men, nattily clad, wearing vari-colored silk hosiery, real broad cuffs on their trousers and those hats with doubly twisted and outrageously curlecued brims, possessing that cheap self conscious dudish air, and hailing from Monessen, claiming they had actually insulted them by stepping up and speaking to them when they were not acquainted. "Howd'ye do, Miss," one of the fellows was said to have remarked, with a polite tip of that pretty hat, when one of the sweet girls reached forth and slapped his cheek. The other lad, being a little shy or bashful, and seeing the reception accorded his friend thought discretion the better part of valor and daintily tiptoed his immaculate self away to a safe distance to await the arrival of his friend with the stinging cheek.

Of course a big crowd gathered and the young ladies immediatily appealed to a police officer, reported the case and demanded justice and vindication. The damsels led the way, followed by a crowd, and soon the bold offenders were overtaken and landed within the toils for a short time only, as the girls' hearts melted after they got a good, square look at the innocent manly faces of the lads from the mill town, and they told the officers they didn't wish to have the boys punished, but just to show them the error of their ways. After seeing the real comedy in the case, the considerate policeman passed the girls out the side door without demanding their identity and returning, gave the lads a nice fatherly talk, a bit of advice on how young men from the country should act when in the city, and with a sly wink told them they could go. A few moments later the four young people were seen, arm in arm, going into a picture show, apparently as happy and contented as though there had been no ripple upon the wave of their young and romantic lives. Only one of the boys declared it wasn't a fair deal that one got his cheek slapped and the other didn't.

STROLLERS ARE PICKED UP ON STREET

Louis Bann, aged 35 and single was arrested early this morning in company with Mrs. Lucille Campbell near the corner of Eleventh street and Schoonmaker avenue on a charge of street walking and acting in a suspicious manner by patrolmen Lang and Rauttio about 12:30. The pair were given a hearing this morning before the Burgess. The woman states she was on her way home from Wireton after missing the last car and had been accompanied as far as Twelfth street by a friend, Tom Summers. She says that she asked Bann to go up into the Boquet flats and tell a certain man up there to come down and walk to her home in Dutchtown with her. It was at this point the officers came on the scene and took both parties into the toils.

According to information gleaned from the police this morning the woman had not been up in Wireton at all but had been in company with several other men who are said to have been in a fight on Fourteenth street and which it seems was the result of several being cut with razors and knives. She is thought to have used the "going home" dodge to shift the blame. Mrs. Campbell is a tall, good looking mulatto and was dressed neatly and in good taste when arrested. Her husband whom she says is employed in the Pittsburgh Steel company's plant did not appear this morning at the hearing to pay his wife's fine and as a result she will be forced to spend a short time as a guest in the jail. Bann who is employed by the Hallam Construction company was released after having paid his fine. The fines were $10 and costs and the Burgess added a good scathing lecture to each one.

Rev. J. M. Jamieson represented the United Presbyterian church of Monessen at the Westmoreland United Presbyterian Presbytery at Ligonier yesterday and reports a most interesting and instructive convention with an exceedingly good representation of minsters and lay-members.

Residents of the town and especially property owners are becoming mighty tired of malicious mischief. Much destruction is wrought by careless children or children not taught to keep their hands off of other peoples property. Trees, shrubbery and plants are daily being destroyed and there can be no question but what children who pluck beautiful flowers from other people's yards take them home. The preservation of things that add to the appearance of a home or the town is a matter of education and children should be first taught at home to keep their hands off of flowers and trees not on their own property and it might be wise to start such a course of instruction in the public schools. Monessen will never be a beautiful town unless some stringent methods are used to preserve the good work that is being done by individuals as well as official and civic bodies. Many people have put forth special effort the past year or two to beautify the grounds surrounding their homes but the careless or malicious hand has destroyed the efforts of years. Why should this be in any community? If civilization teaches anything it instills in us a desire to live surrounded by as much of nature's beauty as possible. Every person and more especially parents, whether home owners or not, should strive to help preserve the work that is being done to make the town beautiful.

Many Monessen folk are now thinking and planning for the summer vacation. Of course everyone must take a vacation every summer. It wouldn't be good old summer time, and things wouldn't go just right if everybody didn't go somewhere on a vacation, even if it is only down to Webster or up to Coal Center or Granville. Some go for health, others go for a rest; a good many go for a good time, and yet there are others who go because it is fashionable. But wherever you go, and why you go, be sure you select a healthful place. Don't tolerate conditions that you would not endure in your own home. Many people who are very particular about their drinking water and their milk when they are at home are careless about both when they go away. Last summer a number of persons who had been at a certain resort returned home with typhoid fever. Don't make the mistake they did, but inquire about the water and milk supply of the place you expect to visit. If you have small children with you it is especially important that you be particular about the milk. Dirty milk may bring the germs of tuberculosis to the child who is very susceptible to that disease. Be as particular about the boarding house or the hotel where you will spend your vacation as you would be in renting or buying a new house in which to live. Don't swim or bathe in dirty water. You are almost sure to get some of it into your mouth and if typhoid fever germs are present you might contract the disease. Above all things select a vacation place from which you will not return physically and mentally tired, but from which you will come back with a refreshed mind and a sound body.

Retort and Comment

For the first time in the history of the town do the parks present a respectable appearance. Engineer Johns is truly an efficient and earnest official. He is getting the town in a presentable condition as quickly as possible. The work done on the streets also indicates this. A word of encouragement stimulates an official to action and we should all be mindful of blessings, and civic pride is always a blessing.

We should cherish our old friends and constantly maintain a receptive attitude toward the accumulation of new ones. There is nothing in this world for which a real human being is willing to exchange the true and tried friendship which has comforted and blessed and shielded him for many years.

People talk of the high cost of living. It's all bosh. You can buy anything you want most, in town even to a pair of breeches for ten cents. In fact the ten cent business has become almost too great for the thrift and welfare of other businesses.

Ohio people are rejoicing that the President won the majority of electors of that state. Anybody with a spark of humanity in his soul ought to rejoice in the victory of a home man. It doesn't take much of a patriot to stick to his home. A dog knows that much.

The little plat at the station is beginning to take on the appearance of a real park. The railroad company is helping improve the town and the town should protect this spot if it takes a special officer to do it.

We hope someone will think to slip a plank into the National Convention platform against the use of money in politics. It ought to be popular, now that most of the money has been spent.

The Canonsburg Notes is one of the boastful papers at the overthrow of the state machine, headed by Penrose. The Notes has always been against political bosses and it has evidently never heard of William Flinn.

Every time a Congressman at Washington takes a bath it costs the tax payers $6 00, says one of our reliable exchanges. All we can say is that it's worth $6.00 to clean some of the congressman.

Some of the sleepers who go to church on Sunday have sufficient respect for the minister not to start in until he is well on the way with the discourse.

A banker is similar to an editor in some ways. He should not handle too much of his own money. If he does and it becomes known it is likely to injure his business.

"Work, not talk" is Connellsville's new slogan. It's time they quit talking in that town and get down to business. All smoke spoils any place.

Roosevelt says the Socialists are all going to be for him. Didn't we tell you some time ago he would join. Whose next?

If you want law in Monessen you can easily get it. It may not be of the constitutional variety but it's law just the same.

Eggs are again going up says rumor. Eggs seem to do nothing but go up. On the toboggan all the time.

Some of the parties who operate motor cycles will be escorted to the hospital unless they quit their wreckless speeding through the streets.

SENSATIONAL GAME OF SEASON LAST NIGHT

By making one of the most sensational catches ever recorded on the Page diamond last night, middle fielder Underwood saved the game between the St. Leonard and Presbyterian teams and covered himself with glory. The catch was made with one down in the last inning. Helzlsouer, the heavy hitting first baseman caught a high one square on the trade mark and sent it on a line to deep left centre with 3 bases labelled on it. Underwood had replaced Manown in middle the inning before, and he set sail for the ball, and as the spectators thought without the least chance of ever reaching it. With one last step and a leap high into the air he stuck his bare hand far above and to the right of his head and caught the flying sphere between the three middle fingers of his hand. The stands rose as one and applauded the catch for several minutes. McMahan also made a catch which saved two runs from being scored when he came running in from right in the sixth inning and caught a low liner just over first. One run did score on this play, but it was not allowed owing to the fact that Manown was out for cutting third base. Both teams played like demons possessed, and fought every inch of the way. An error was immediately followed by some brilliant play which cut off all chances of scoring. At bat the Presby's refused to be balked by Ryan and garnered four clean hits, two of which scored their only run. To start the fourth inning, Shupe singled and went to second when O'Toole threw wild trying to catch him off first. He advanced to third on an infield out, Lamey to Helzlsouer and scored when Todd poked a single into left. Again in the sixth the Presbys' were dangerous but McMahan's sensational catch aided his team out of a bad hole. In the sixth inning two errors by the Presbys allowed two men to reach second and third but Lamey was out when he tried to reach home on an infield hit, Kitto to Bauers to Shupe. This was the first defeat of the season for the St. Leonard boys. They have been going at an awful pace to start off and have been showing their heels to all of the teams, having up until yesterday totalled 27 runs to their opponents' 6 in three games played.

EVERYONE NEEDS IT

Craig's Drug Store is Having a Wonderful Sale of Thompson's Barosma, the Mighty Kidney and Liver Specific.

And no wonder, when he offers to refund your money if it doesn't cure any disease of the kidneys, liver or bladder, backache, sideache, nervousness or any weakness of the kidneys.

But Thompson's Barosma has made so many almost miraculous cures that Craig's Drug Store is pretty certain not to have any returns.

Here are a few instances:

Frank K. Sturges, Sturtevant, Crawford county, Pa., was cured of Bright's disease six years ago and only took six bottles. He has had no bad symptoms since.

"I had kidney trouble and enlargement of the liver and spleen. I took Thompson's Barosma. The first bottle reduced the measurement around my stomach from 45 to 36 inches and several bottles completely cured me." —M. S. Langworthy, Tryonville, Pa.

After suffering the terrible agony of rheumatism for ten years, being compelled to use crutches, J. N. Dunn, Troy Center, Pa., after all hope had left him, and he had no faith in any remedy, took six bottles of Thompson's Barosma threw away his crutches and went to work for the first time in ten years.

These statements are absolutely true and the Thompson Medical Co., Titusville, Pa., will prove it. Then why should anyone suffer in the face of such facts? How can they suffer when Craig's Drug Store guarantees to refund the money if a cure i not effected? Thompson's Barosma, 50 cents and $1.00 a bottle. All druggists.

News Notes of Society

A quiet wedding occurred Tuesday afternoon, June 11, 1912. at 3:15, when Mr. Marcel R. Colas and Miss Isabel B. Strickler, both of Monessen were joined in the holy bonds by the Rev. H. O. MacDonald, pastor of the Presbyterian church. The ceremony was performed at the home of Mrs. Thomas McDonough, 248 Knox avenue, a sister of the bride, in the presence of only immediate friends. After a wedding dinner, the young couple left on a P. & L. E. train for a brief honeymoon trip, and expect to be at home to friends after June 15th, at No. 608 Knox avenue. The groom is a well-known young gentleman, being employed at the plant of the American Sheet & Tinplate Co., and the bride is one among our staunch and highly respectd young ladies. Many are the congratulations extended by a host of friends along with good wishes and hopes for long life and unbounded prosperity and happiness.

MONESSEN'S FIRST SUMMER SCHOOL IS OPENED

The Summer School being conducted by Miss Blanche Brightwell in the Jefferson building is now well under way, having been inaugurated on Monday under the most favorable auspices. 24 pupils are enrolled in the classes which comprise students from every grade from the first to the eighth. Miss Lauretta Edwards of Roscoe had intended assisting Miss Brightwell but on account of ill health was forced to abandon her share of the work. Summer school among local students is an innovation which is seemig to meet with approval as it gives those who have failed a chance to review their work under competent instructors and be better prepared to be re-examined in the fall.

County Offices to Close Earlier

Beginning next Monday, all of the county offices at the court house, in Greensburg will close at four o'clock in the evening instead of five, except the county commissioners' office, which will remain open until the later hour until July 1, when the change will be inaugurated.

The county officials and their clerks have little to do the last hour in the day and as they need more recreation, the change will be made. This change will be of a great deal of local interest as people from this end of the county will be compelled to hurry their legal matters up hereafter in order to avaid making two trips or a stay over night in the county seat.

Public Sale

At office of Duvall & Duvall 565 Donner, avenue on Wednesday, July 3, at 1 o'clock, will be sold by W. A. Miller, a 12 horse power second-hand gas engine, for freight, drayage and storage charges. Engine was consigned to C. D. Zellner, Monessen, Pa.,

AMERICAN DISEASE TO BE CONQUERED

NEW PRODUCT MAKES ASTONISHING RECORD IN COMBATING PREVALENT AILMENT.

Men and Women Everywhere Deeply Interested In Discussion of Remarkable Results.

For a number of years past the medical fraternity of America have shown a good deal of alarm over the spread in this country of the malady commonly called nervous debility. To such an extent has this condition affected men and women in America, that it has come to be known as the "American Disease." Various treatments have been in vogue, usually with indifferent success. Rest Cures, Vacations, trips abroad, etc., coupled with the administration of drugs have been tried. Without doubt freedom from grinding work and business cares for a time is of great benefit to any man or woman threatened with nervous breakdown. Comparatively few people however, can spare the time or money necessary to take a lengthy vacation, or expensive journey.

The average man or woman, therefore, who is afflicted with nervous debility, sleeplessness, poor appetite, nervous indigestion and headaches, lack of strength, weak heart, and a general run down condition of the system, owing to impoverished nerve force, will be interested to know that a most efficient remedy for these troubles is now at hand, and within the reach of all.

The treatment is now obtainable of druggists generally, and is known to the drug trade as Wade's Golden Nervine. Reports from those who have tested this product indicate that it is an ideal reconstructive and nerve tonic, and an especial appeal for favor is made in the fact that it is entirely free from alcohol, morphine, or narcotics of any kind. While distinctly soothing and quieting to the over-wrought nervous system, it possesses the very necessary up-building and restorative power which has been lacking in other treatments used for this purpose.

Druggists in this city report that Wade's Golden is showing unusual results in combating nervous debility, and that sales of the product warrant them in buying from the manufacturer direct This was the condition at Eddy's Drug Store.

Famous Motion Pictures at Luna

At the Luna Tuesday June 18, the pictures of the discovery of Ameri a just released by the Selig Film Company are the most vivid, elaborate and expensive pictures ever made. The subject has been pronounced by pulpit, press, critics, historians and public to be an unequalled triumph in the art of moving pictures. Over three years was required in the production of this feature 350 people are shown in the presentation and the total amount expended amounts up to $30,000 3,000 feet of the most massive and elaborate settings, gorgeous costumes, perfect photography and an all absorbing story of indescribable pictorial magnificence. A picture every man, woman and child should see. 2-3t

MUCH VALUABLE PROPERTY BOUGHT CHEAP

Over 1,200 pieces of property were sold for taxes in the court house, Monday, by county treasurer James M. Cramer. The properties are scattered over all parts of the county. The great bulk of the acreage is located in the mountain and Chestnut Ridge sections of the county.

Some prizes were disposed of and few of those who purchased property at this sale bought a "pig in the poke." One gentleman from Cook township, bought a fine little farm of 35 acres, having good farm buildings and the soil in a high state of cultivation. This man has purchased this tract twice before at similar sales and now his title, it is said, will be complete and he will get a good homestead for a mere song.

A Mt. Pleasant man purchased a house and lot at former county sales several times and when a friend married recently, he deeded the newly wedded pair the home—an elegant scheme to make an appropriate wedding present at small cost to the donor.

Most of the mountain lands have been stripped of their growth of timber and some of the lands are hardly able to bear their burden of rocks. These properties will be held by the county commissioners several years. In the meantime the owners can redeem their holdings by paying the taxes with six per cent. and costs. Delinquents can redeem their properties from private purchasers by paying the arrearage costs and twenty-five per cent penalty.

Many speculators secure valuable realty by buying at county sales.

THE GOLDEN AGE AT HAND.

Scriptural Evidences That Are Astonishing— [illegible] Entitled to Be Without the Knowledge

We do our Brethren valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," in which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are failing them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the Age of ENLIGHTENMENT, nevertheless many realize that we are fast approaching a crisis which is wrapped in darkness owing to the present world-wide social, religious and political unrest.

As though by instinct the whole creation, while it groans and travails in pain together, waits for, longs for and hopes for the DAY, calling it the "GOLDEN AGE"; yet men grope blindly because not aware of the great Jehovah's gracious purposes. And to his wondering creatures, looking at the length and breadth, the height and depth of the love of God, surpassing all expectation, He explains: "My thoughts are not your thoughts, neither are your ways my ways, saith the Lord; for as the heavens are higher than the earth so are my ways higher than your ways, and my thoughts than your thoughts." Isa. 55:8, 9.

DOUBLY PROVEN

Monessen Readers Can No Longer Doubt the Evidence

This Monessen citizen testified [illegible] ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. Burns Wadsworth 270 Donner avenue, Monessen Pa., says: "I was in poor health for some time and suffered almost constantly from backache. I was subject to chills and dizzy spells. Knowing that Doan's Kidney Pills were good for kidney complaint, I procured a supply from the Hirsch Drug Co. Their use helped me from the first and before long I was cured. I am now enjoying good health and my kidneys do not bother me in the least." (Final statement given Oct. 2, 1907.)

A PERMANENT CURE.

Mrs. Wadsworth was interviewed on Nov. 9, 1909 and she said: "The cure effected by Doan's Kidney Pills in my case has been permanent. I have recommended this remedy to my friends on several occasions and all who have used it, speak highly of the results received.

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States

Remember the name—Doan's—and take no other.

One Lasting Creed.

Call your opinions your creed, and you will change in every week. Make your creed simple and broadly out the revelation of God, and you will keep it to the end.—Phillips Brooks.
